This is in response to the petition under 37 CFR 1.47(a), filed July 16, 2001. The Office of Petitions recently received the petition for a decision on the merits. The Office apologizes for any inconvenience.

The petition is granted.

Petitioner has shown that, Sandro Pasquali, the non-signing inventor has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the statement of facts of Eric Chen establishes that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the present petition. Notice of the filing of this application will also be published in the Official Gazette.
